Driving Directions to Lemar

From **Queen Elizabeth Highway # 2** turn West onto **Yankee Valley Blvd (Big Hill Springs Rd)**. and go approximately 12 kms until you come to the first stop sign. You will be sitting at the intersection of Yankee Valley Blvd. and **Simons Valley Rd. (772)**. From here you continue straight west through the stop sign for exactly 1.6 kms or 1 mile. You will be looking for a small blue range road sign, **Range Road 22** on your left hand side (south side of the road). You turn south down Range Road 22 and go to the end of the road. This road ends in our yard. This road says, "No Exit" & "May Be Impassible", we keep the road in very good condition, so you will not need to worry about getting through. Please proceed to the white building and enter in by the door on the south side of the building.
